

# HIRED BIRTHDAY KITS

## **Hired is always looking for ways to support our participants and their families.**

Did you know that more than half of the job seekers we serve are single parents? For many families with limited resources, celebrating milestones like a child's birthday is hard to do. Together, we can help our families celebrate their children's birthdays with a Hired Birthday Kit. Birthday Kits include everything our participants need to make their child feel special and loved on their birthday.

### **What goes into a Birthday Kit?**

- Cake mix
- Frosting
- Candles
- \$20 gift card
- Fun gift bag

### **Ideas to collect or create a Birthday Kit:**

- Ask for your guests to bring them to a family gathering
- Partner up with a family member, friend, or colleague to purchase them together
- Add this to your shopping list

### **What to do with your completed Birthday Kits:**

We collect kits all year long. Please drop them off at one of Hired's locations closest to you. Inform the front desk manager what you are dropping off and they will take it from there.
